

WELCOME ON BOARD

INSTRUCTIONAL DESIGN WORKFLOW

1 Review Script / Heygen

Script is structured into logical blocks

Risks: Input is not according to rules - send back to editorial

2 Shotlist creation

- + Graphics and animation overview
- + Storyboard necessary?
- + Research graphics and archive

Select graphics and animations

Output (.doc, .pdf) is send to Graphics - Team

1. Reference folder on the server
2. Link to graphics within .doc in comment section / place in premiere pro

**Risks: Shotlist or comments are not clear to Postpro or 2D
Graphics are not fitting the narrative
Lack of knowledge using proper or new tools**

3 Quality Approval

Send over shotlist / storyboard to text editorial for review

Approved

send over to 2d graphics team

Rejected

implement editorial feedback
